

City of Clyde Hill Racially Disparate Impacts Community Engagement

Questions to solicit input from the community:

- Are you aware of any policies or regulations that you believe may disparately impact a racial or ethnic group?
 - If so, how has this impacted you?
- Are there any barriers in housing for people of a racial or ethnic group in your community?
 - If so, what are these barriers and what can we do to help break these down?
- What are some key elements for creating a diverse and welcoming community and what sort of steps can be taken in the City to move towards this community?
- How can we better engage with, and work with, you in the future?

Goals of engagement:

- *Correlate lived experiences of people who may have experienced racially disparate impacts in housing with any quantitative data or trends from data analysis phase.*
- *Identify any current or past policies, regulations, or practices that have impacted people of marginalized communities in housing.*
- *Identify opportunities for new policies and programs that support equitable and affordable housing in the City.*
- *Build relationships with the community for future engagement and outreach.*

Question #1:

Are you aware of any policies or regulations that you believe may disparately impact a racial or ethnic group?

If so, how has this impacted you?

Question #2:

Are there any barriers in housing for people of a racial or ethnic group in your community?

If so, what are these barriers and what can we do to help break these down?

Question #3:

What are some key elements for creating a diverse and welcoming community and what sort of steps can be taken in the City to move towards this community?

Question #4:

How can we better engage with, and work with, you in the future?
